Policy Initiatives & Infrastructure

- Coverage mandates for cervical cancer screening**
 There are no new coverage or screening mandates. Cumulative score: 1.
- Task force/commissions for cervical cancer prevention**
 There is no task force or commission. Cumulative score: 0.
- Miscellaneous support of cervical cancer prevention**
 HB 1440 authorizes a check-off on state individual and corporate income tax forms for donations for cervical cancer awareness and treatment. Additionally, the bill provides that the moneys collected will be used to provide information on cervical cancer, early detection, testing and prevention and to collect statistical information on such. This bill was signed by Gov. Matt Blunt on July 10, 2006. Cumulative score: 2.

State Summary

Missouri had no change in its indicators since last year's report. The incidence and mortality rates for Black women in the state are substantially higher than for White women, although screening rates for Black women are slightly higher.
