

Conference Call & Telephone Town Halls

Whether you need to connect with 100 or 100,000 voters or constituents, our conference call and town hall teleconferencing enables you to host your own virtual town hall, press conference, or meeting from anywhere in the world!

Features

- **Custom audio:** Upload your own audio messages.
- **Live polling and voting:** Collect real-time voting statistics from participants.
- **Live call statistics:** View how many listeners you have, who is on the call, and much more.
- **Answer questions:** Allow listeners to ask questions, with the option to pre-screen questions.
- **Transfer call options:** Transfer listeners to a live person, voicemail, or a switchboard, during or immediately after the call.
- **Reporting:** Download all data from your call, including the full audio recording, poll results, questions asked from listeners, and much more.
- **Web audio streaming:** Offer your audience the ability to participate over the web.
