THANK YOU TO OUR STATE DIRECTORS & NEWLY ELECTS CONFERENCE AND HEALTHCARE & TECHNOLOGY SUMMIT ATTENDEES!

The conference featured “firsts” that included the Inaugural State-Federal Woman Legislators Networking reception, the release of Instagram’s Guide for Women Legislators, the #TrustedInfo2020 initiative public launch by the National Association of Secretaries of State, the Give America Hope predictive recovery model launch, and the public announcement of state toolkits by the Women’s Suffrage Centennial Commission. The conferences drew a record number of legislators and record registration overall.

Women In Government is becoming the place to “see it first,” and is uniquely positioned to have a greater impact than ever, connecting legislative leaders and equipping women state legislators with educational resources venues to address and resolve complex public policy issues. We look forward to our 2020 conferences and other events!
